PolarOS Privacy Policy

© Copyright PolarOS™ • All Rights Reserved

Last Updated: 12/28/2021

Cookies

The PolarOS website makes use of cookies, this is to ensure the compatibility and working of the site. Cookies are useful for tracking basic system information and site analytics.
Personal Information cannot be collected via cookies and if this seems to be the case, you have provided personal information by yourself.

WE DO NOT ASK FOR YOUR PRIVATE INFORMATION

Information Collection

The PolarOS website does not collect any personal information whatsoever. The site uses javascript (a client-sided programming language) based code to check for browser ad blockers. The code itself does not save and/or collect any private information.
If you believe your personal information might have been collected through PolarOS, make sure the source you are on is official and make sure of any doubts.
PolarOS does not implement any malicious code within any of our websites to collect your personal identifiable information.

Data Security

Our providers and employees specializing in Cyber Security & regular data protection at PolarOS do their best to keep your data secure. Please note that your data can ***never always be protected in every scenario.*** We do not sell and/or publish your data to anyone unless stated otherwise. see; ***Distribution of Information*** for more information about this.

Distribution of Information

PolarOS does not distribute/share information to any unauthorized agencies/users. However, we may share information to governmental agencies that specialize in tracking down fraudulent users.

Possible Agencies we may contact: (depends on country of origin)

1. **Korps Landelijke Politiediensten Cybercriminaliteit**
2. **Federal Bureau of Investigations**
3. **World Intellectual Property Organization [DMCA]**
4. **Interpol**
5. **Europol**

This, for the following reasons if:

1. **Permitted or required to do so by law.**
2. **Investigating fraud that has already taken place.**

Any other information will not be distributed to anybody unless any of the above is in effect.

Privacy Contact Information

When in doubt about privacy, you can contact us on our discord or any other listed social media accounts.
